Asking prices and composition of the collected sample

● Netherlands

Overall median asking price

€20 365

88 prices / 89 catalog IDs

Median year 2 020 · mileage 68.0k km

● Germany

Overall median asking price

€20 877

88 prices / 89 catalog IDs

Median year 2 020 · mileage 68.0k km

2020 · automatic · 50–100k km

Netherlands

€23 200

n = 18 · middle 50% €22 942–€23 458

Germany

€21 800

n = 18 · middle 50% €21 542–€22 058

Median difference DE – NL

−€1 400

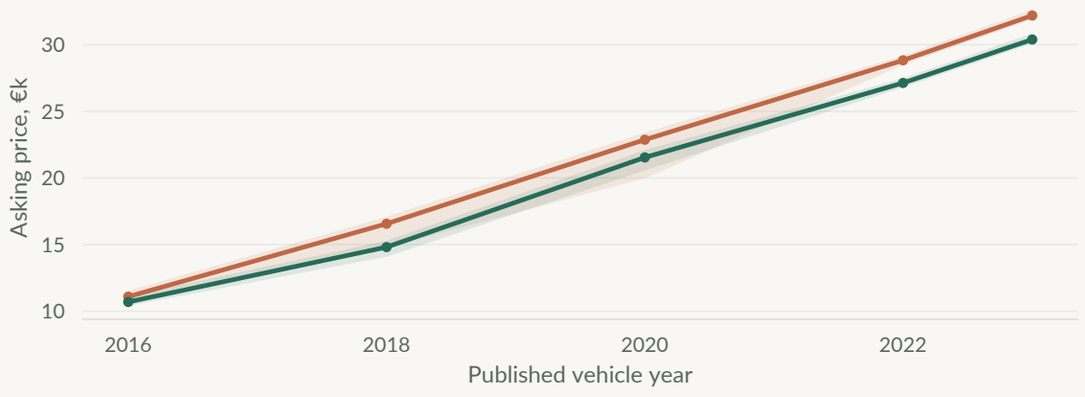

-6.0%

Most supported cohort. Generation, trim and condition are not controlled; Germany before import costs.

Prices by year

● NL ● DE

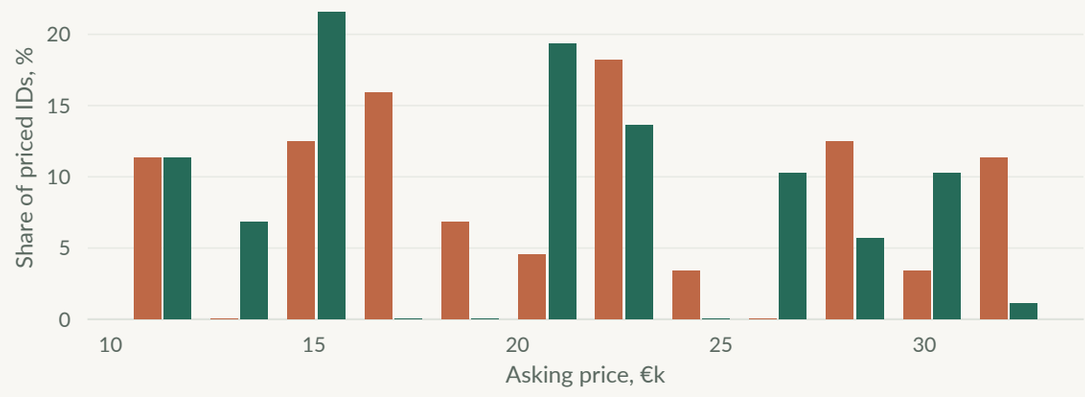

Median and interquartile range; all transmissions and declared conditions.

Price distribution

● NL ● DE

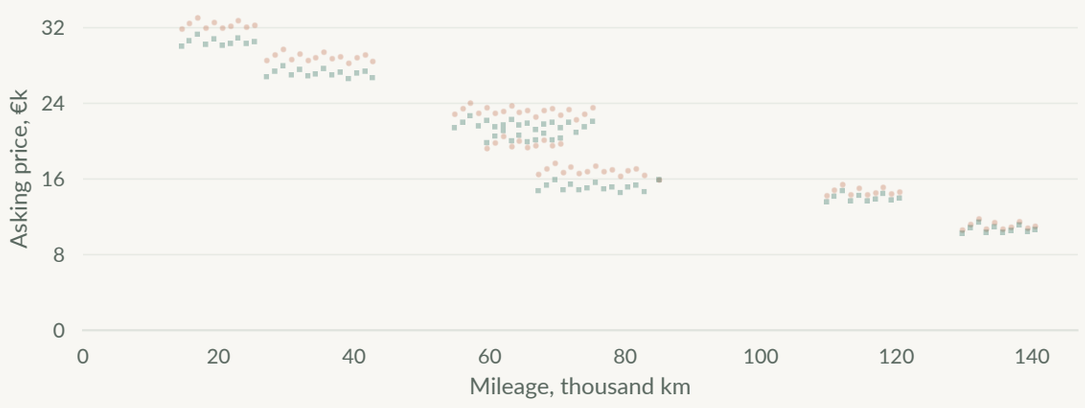

One eligible minimum full purchase quote per catalog ID.

Price and mileage

● NL ● DE

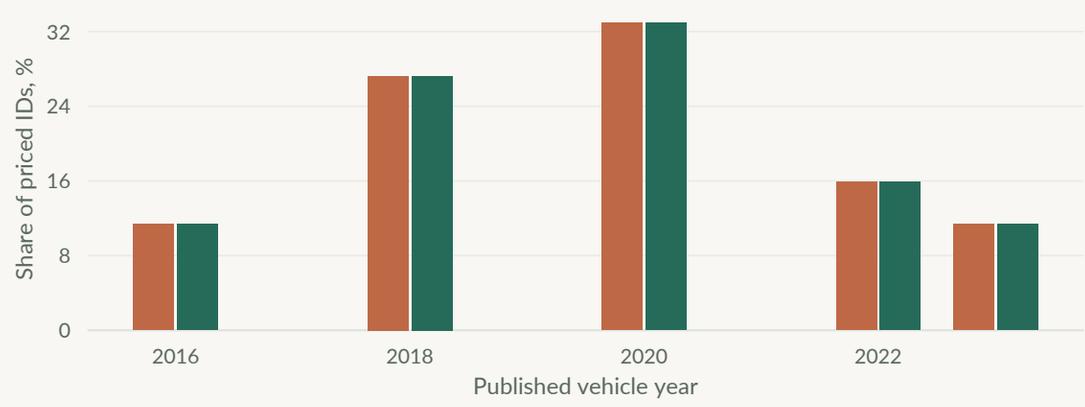

Known mileage: NL 87 IDs / DE 87 IDs

Sample composition by year

● NL ● DE

Unknown year: NL 1 priced IDs / DE 1 priced IDs

Prices in comparable groups

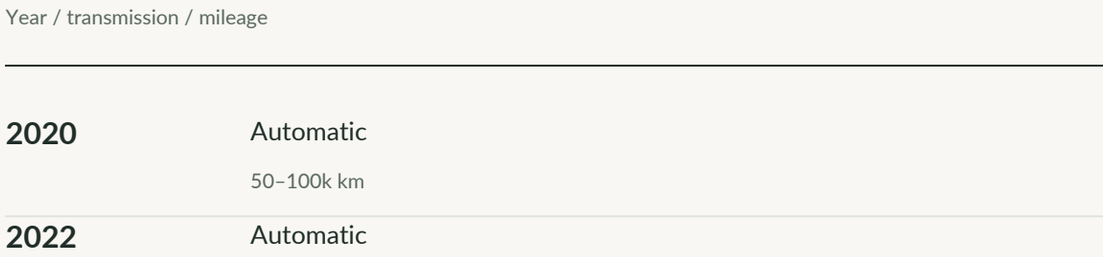

No declared current damage; condition unverified. Selection is by sample support, not discount.

Year / transmission / mileage		NL median	n	DE median	n	DE − NL
2020	Automatic 50–100k km	**€23 200**	18	**€21 800**	18	−€1 400

Shares and counts include IDs without an eligible price.

Collected data

Publication counts and catalog identities are different measures.

	NL	DE
All stored publications	**90**	**90**
Eligible observed publications	**89**	**89**
IDs with a strong identifier	**0**	**0**
Provisional catalog IDs	**89**	**89**
IDs without an eligible price	**1**	**1**

Collected sample, not the whole market. Catalog IDs may include duplicates. Asking prices are not transaction prices.

Generation, trim and condition are not controlled. Germany before import costs. Source dates and exclusions are retained in the data package.
